What's New in the Catfood Weather?

Free download, just type in your chosen location in the Window1, type in your city name and you are good to go! The Forecast tab is configurable; you can set the weekdays and monthdays you want to receive the forecast, and select the time of day you want the weather information to be displayed. Catfood Weather is a stand-alone program and does not require any other software to run. Chocolate My Pets - Chocolate My Pets is a virtual pet that you can feed and play with, make breakfast, walk your dog, sleep, send puppy kisses, and much more. Requires Windows 98/XP/Vista or higher. Chocolate My Pets Description: Chocolate

My Pets is fun to play with. Put a little chocolate in the bowl with your virtual pet and let him lick it up. As the chocolate goes down, he will get fuller and happier. But to make sure he always has enough to eat, play with your virtual pet. Walk your virtual pet and feed him, or let him sleep. You can also send puppy kisses to your virtual pet. Features: Feed your Chocolate My Pet (virtual pet) Walk your chocolate pet to clear away any excess chocolate Sleep your chocolate pet to allow him to recharge his batteries Wake up your chocolate pet Make breakfast for your chocolate pet Start the day early by playing with your virtual pet Play with your virtual pet and allow him to lick up chocolate Lick the chocolate off your virtual pet Wear clothes for your virtual pet Send a puppy kiss to your virtual pet Sleeping can be scary. Let your chocolate pet sleep for a while when you are afraid. Verify your dog or cat for worms. Keep your dog or cat worm-free. Every year, according to the American Heart Association, at least 7 million dogs and cats contract heartworm disease, which can cause congestive heart failure and liver failure. Heartworm is spread when a mosquito bites an infected cat or dog, which then passes the larvae in its feces to other animals. Verify your dog or cat for worms. Keep your dog or cat worm-free. Introducing our new web-based version of our free Insect Swatter application for Windows. Now anyone can swat insects from anywhere. Our new application makes your internet experience safer by keeping you and your family safe from the dangers of insects. Feed the Wolf -
