raising fares by 2.5% from 5 August could have the biggest effect of them all - with a 3.4% increase pushing consumers towards international flights, says the report. It says business travellers would be particularly hit. It comes as the Welsh Government unveiled its plans for rail fares to remain frozen for three years. Passengers in Wales will be hit by 0.5% increases in rail fares each year for the duration of the three-year term. The annual increase is always set for the last quarter of the year, but this summer, will be lower. The Welsh Government's draft budget estimates ticket prices will increase by an average of 0.8% a year. Phil Townsend, chief executive of Passenger Focus, said the lack of effect was surprising and frustrating. "Over the past month we have seen average rail fares in Wales climb by about 6.8%, with a further increase in August, which gives a total increase in the month of 10.8%," he said. image copyright Thinkstock image caption Transport Secretary Edwina Hart has said she will find a way to balance the Welsh budget "What this suggests is that despite so many people wanting to use

Tablet PC users have a tough time finding the right tablet PC that will work with their budget, style, and lifestyle. But the good news is that there are more than 100 great tablet PC's in the market to choose from. As you go through our review, you'll have a better idea of how many tablet PC's are really out there for you. But first, lets talk about what makes the market for tablet PC's so different than desktop PCs. Tablets are no longer only for business. Millions of people are using their tablet computers for their everyday computing needs. The Z10 has a great industrial design and comes with the tablet PC that is right for you. Whether you are a student, traveler, gamer, or need a tablet PC for the kitchen, the Z10 is the right

---

tablet PC. The Z10's industrial design is just like you see in magazines and ads about tablets. The tablet computer looks and feels great in your hand. It has enough portability and storage space that you can use it wherever you go. Don't let the Z10's size fool you. The Z10 is a powerful computer that is optimized for tablet PC's. The Z10 is the only tablet PC we reviewed that has an 8 GB internal memory. The Z10 has an Intel Atom Z510 1.66 GHz processor and has the powerful 2GB Intel (R) EDGE card. With all this power, you'll be surprised how many applications you can run on the tablet PC and still have some power left over. Unlike other tablets, the Z10 has a 10.1" high definition TFT screen.
