Wallpaper Changer Lite Crack

Wallpaper Changer Lite For Windows 10 Crack is a simple application designed to help you set a unique background image to your Windows desktop. Wallpaper Changer Lite Cracked 2022 Latest Version is a small software application whose purpose is to help you automatically change your wallpaper at a user-defined time interval. It can be installed on all Windows versions out there. In order to run the program correctly and avoid bumping into all sorts of errors, you need to deploy Microsoft.NET Framework 2.0 on the target system. Straightforward layout You are welcomed by a clean and simple design that integrates all configuration parameters into a single panel. A help manual is embedded in the package in case you need to find out more details about the setup process. A preview of the selected image is displayed directly in the main window with the aid of thumbnails. In addition, the utility reveals information about each photo, such as type, resolution, and size. Wallpaper changing options Wallpaper Changer Lite gives you the possibility to browse throughout a collection with preset wallpaper images. Plus, you may add new photos to the list by importing pictures with the following file formats: JPEG, BMP, PNG, WMF, PCX, TIF, and GIF. Other important features worth being mentioned enable you to remove items from the list, change the wallpaper at Windows startup, pick the wallpaper position (center, stretch, or tile), as well as adjust the background color. The application also lets you automatically change the wallpaper at a custom time interval in minutes, save the list with photo wallpapers to a file on your computer so you can easily import it in the future, and trigger an online search on Google for downloading more wallpapers. Tests have shown that Wallpaper Changer Lite accomplishes a task quickly and without errors. It does not eat up a lot of CPU and memory resources so the overall performance of the computer is not affected. Final remarks All things considered, Wallpaper Changer Lite comes packed with several handy features for modifying the desktop wallpaper from time to time, and can be configured by rookies and professionals alike. Version: Wallpaper Changer Lite 3.0.538 Platform: Windows 8.1, Windows 7, Windows Server 2012, Windows Server 2008 R2, Windows Server 2008 Link: Download Wallpaper Changer Lite Wallpaper Changer Lite is a small software application whose purpose is to help you automatically change your wallpaper at a user-defined time interval. It can be installed
