**Elden Ring: Deluxe Edition SKiDROW [+ DLC] Full Version**

---

When the demon Lord Lector appeared, the Elden Ring used the ancient power to protect the Lands Between. The Elden Ring was given to the Righteous Man, a man who possessed the purity of justice, to protect the Lands Between. Now, 200 years later, the Demon Lord Lector is back. The corruption of the Elden Ring has begun to spread to the Lands Between, and the Righteous Man has lost his staff, leaving the lands unprotected. The Righteous Man only has two hands to wield the power of the Staff and the Elden Ring. The Left Hand and the Right Hand give you new possibilities as you engage in battle by commanding the power of the Staff and the Elden Ring. ABOUT REGA FEATURES: The world of the Lands Between, where good and evil are evenly matched, is one in which you must stand against the demon Lord Lector and his evil army. Random battles are mixed with strategic events in a style similar to the Final Fantasy series. Gather allies and fight together with other adventurers in “machinima.” Battle anytime with any companions in a manner similar to the Dark Souls series.
