"Its interconnected story and vast world make it feel like a complete game rather than a collection of short stories." "The game looks amazing, with an incredibly detailed and convincing world." "It is everything a fantasy RPG should be; you can choose what you want to do, and every choice has an impact on your overall experience." "It's got a great story with characters who become sympathetic and interesting as the game goes on." "Elden Ring is a fun fantasy RPG, if you're a fan of that genre." "The world of the game is made so that you can make the decisions to explore it, which makes the gameplay really enjoyable." "The game makes it easy to get into, and it makes the story a bit sad, so you'll definitely stick with the game for a while." "The unique gameplay and the use of action RPG elements make it a good game for both old and new gamers." VARIANT RELEASE OF FANTASY RPG COMMUNITY QUIZ: THE NEW FANTASY ACTION RPG. The 3rd generation of consoles is passing us by, but if the PS3 was a car you'd keep driving it on the streets because it isn't going to catch on fire. Let me explain: 1) HD graphics will continue to advance. There is no technological reason why consoles can't achieve the visual quality of PC games, and when they do it will only make the HD games even more amazing. Think of the PC as a workhorse, consoles are more like luxury cars. 2) If a few consoles sell well the HD gaming market will be flooded with titles, but if the public decides it wants only HD titles it'll all go back to PC. I love games on my Playstation, but I can probably only play the same small number of games for the rest of my life. I have a more open minded view of computers (which is why I have an iPhone and don't have a TV) in that I want what I want when I want it (apps, design, variety). I am not bff6bb2d33
