Nioh is set in the 16th Century Japan, a time when Japan was ravaged by the civil wars. For the sake of balance, all of the characters have been designed in the court dress of the major Japanese clans of the era. Among them are warriors of the Onin, Shirakawa, Asakura, and Hogen clans. The protagonist, William, is a young student from the noble House of Hawthorne, who enters the Demon City to become the Demon Slayer. Explore the dark world of the Oni, engage in fierce battles, and relive the history of Japan! ■How to play: Switch between the two modes that focus on the real-time and turn-based battles. Play as the protagonist or as a partner by either clicking on the hot-key symbol on the screen or using the cursor keys on your keyboard. In the real-time battle mode, you can move the cursor and click on the enemy to attack. If you successfully hit the enemy, a combo will be performed. Perform combos to unleash powerful moves that can be chained together. In the turn-based battle mode, you can use the special abilities to send warriors flying, charge up the "Red and Blue" gauge, and perform Combo Attacks. ■Content: About 30 different costumes to play as: - King of the Realm Lu Bu, the strongest warrior of the Xia Empire - Three styles of Lu Bu: Devil's Fang (Marksman), Eagle-Clutching Crane (Boomerang specialist), and Hundred Needles (Elbow specialist) - The four main warriors of the Oni, including Saizo, Daigo, Shinobu, and Nozomi - The five warriors of the Shirakawa: Zuu, Tsubo, Housho, Yamada, and Josen - Three styles of the four Oni players: Mouse-Champion Shinobu, Bat-Champion Nozomi, and Crane-Champion Tsubo - Two styles of the five Oni players: Crab-Champion Housho, and Tempest-Champion Zuu - Nine styles of the six Hogen players, including Nakatora, Kanayama, and Mimuro - Six styles of the seven Asakura players, including Ogami, Asakusa, Hokushin, Kenjuro, Kagehisa, Keitai, and Ganryu - Five styles of the nine Asakura players c9d1549cdd
