Last week you attended an amusement park with your friends, and a cat scratched your car. Your car is damaged, but you still drive to your night job. You've been working day and night to pay your debts, but you are not finished yet. Drive this mockumentary video game and survive until Monday! Discover your job in the relaxed and amusing atmosphere of your home. You have to fulfill your daily responsibilities and overcome new challenges in order to succeed. Yes, you already know your monthly rent. You're going to live on the lower floors of a house with other tenants. All of these tenants are different, but the common theme is that they all have a different attitude towards life. You have to earn money in order to pay your daily bills, but that's not an easy task. The place is full of dangers - from your fellow tenants and even the architect who seems a little weird. The only thing that you know for sure is that there is no guarantee that you will be able to keep up with your bills. What will you do? Will you manage to survive until Monday?

Test Your Skills:

- Walk, jump, and use an object to destroy obstacles
- Collect coins, but don't touch the electric wires
- Avoid all the hazards of this dream house. Do not jump into the water!
- Get to work, work, and work
- Pay attention to your clock. You have to survive until Monday!

Features:

- Reel it in: wacky coffee machine, scary vent, slinky and many, many more traps
- Try your luck and try to survive until Monday
- Between living there and living there, you have to keep your plate clean and your game face on
- 9 unique tenants. They will help you on your way or hinder you from reaching the goal.
- Randomly selected stages
- Completing a level doesn't
