I've also tried to use vlc and vns2play in windows to convert my.mkv to.tga, but I got an error message saying: ERROR: This movie is not a TGA. Skidrow is not

working for this.mkv file.
Please try searching using

been making clay-based life size figures for the last three to four years," says John Horst, a sculptor at ArtSculptz in San Antonio.

"We began by having a customer come in and get a mold done from his face using a plaster-like material. After that we would
