Watch Dogs: Legion's new novel comes out this summer. Written by Stuart Hotston, Daybreak Legacy is a gritty, high-tech thriller set after the events. This quarter will see the long-awaited release of Watch Dogs Legion, which was previously pushed back from September to June. The project tells about the events that led to the fact that the world turned into chaos. At the center of his story is Connor, who will have to assemble a team of those who have suffered

from the regime and will resist it. The game is an open world game and offers the opportunity to fight alone or as part of a team of three.
