

# Buy Bitcoin South Africa

But aside from these examples, most governments support and encourage the growth of cryptocurrency. El Salvador has gone so far as to recognise bitcoin as legal tender, with signs of other countries following suit. Using this RFQ, it is possible for people to simply type in the amount of South African rands (ZAR) they are willing to pay, and then get an immediate quote for how much bitcoin (BTC) or another cryptocurrency they will receive for that ZAR.
