Not the game being advertised in the video. the download is to a game call The High Life. It is an android game badly ported to windows and really broken.(disappearing quest npc's, game resets at random) A screen in the ESC screen claims this was an april fools joke and that a demo of Weed Shop 3 does not actually exist due to covid.

Would be nice to play the game currently shown in videos on youtube that claim to be the demo sent by the dev.
