In this article, we will show you how to download and install FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101 on your Windows PC in a few easy steps.

Step 1: Check your system requirements

Before you download and install FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101, you need to make sure that your PC meets the minimum system requirements for running the software. According to Microsoft[^1], you need:

- A PC with Windows 10 or later
- A processor with at least 1.6 GHz speed and 2 cores
- 4 GB of RAM for 64-bit or 2 GB of RAM for 32-bit
- 4 GB of available disk space
- A screen resolution of at least 1280 x 768 pixels
- An internet connection for activation and updates

If your PC meets these requirements, you can proceed to the next step.

Step 2: Download FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101

To download FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101, you need to have a valid product key that you can purchase from Microsoft or an authorized retailer. Once you have your product key, you can follow these steps:

1. Go to <https://setup.office.com/> and sign in with your Microsoft account.
2. Enter your product key and select your country or region.
3. Click on Next and follow the instructions to complete the installation process.
4. You will be prompted to choose between the 32-bit or 64-bit version of the software. We recommend choosing the 64-bit version if your PC supports it, as it offers better performance and security.
5. You will also be asked to choose your preferred language for the software.
6. Once you have made your choices, click on Install and wait for the download to finish.

Step 3: Install FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101

After downloading FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101, you can install it on your PC by following these steps:

1. Open the downloaded file and run the setup.exe file.
2. Accept the license agreement and click on Continue.
3. Select the installation type: either Recommended or Customized.
4. If you choose Recommended, the software will be installed with the default settings and features.
5. If you choose Customized, you can select which applications and features you want to install or remove.
6. Click on Install Now and wait for the installation to complete.
7. You may need to restart your PC after the installation is done.

Congratulations! You have successfully installed FULL Microsoft Office Professional Plus 2019 (x86 x64) v17.0.4640.101 on your PC!
