This trainer is a small program that allows you to activate various cheats and features in the game, such as infinite health, ammo, instinct, and more. In this article, we will show you how to download, install, and use the Hitman Absolution v 1.0 433.1 trainer by Fling.

What is Hitman Absolution v 1.0 433.1 Trainer by Fling?

Hitman Absolution v 1.0 433.1 trainer by Fling is a modification for the game Hitman Absolution, which was released in 2012 by IO Interactive and Square Enix. The game is a stealth action-adventure that follows Agent 47, a professional assassin who must complete various missions around the world. The game features a disguise system, a contracts mode, and a scoring system that rewards different styles of play.

The trainer by Fling is a program that modifies the game's memory and enables various cheats and features that are not normally available in the game. Some of the cheats and features include:

- Infinite health: Agent 47 will not die from any damage.
- Infinite ammo: Agent 47 will not run out of bullets or need to reload his weapons.
- Infinite instinct: Agent 47 will always have full instinct meter, which allows him to see enemies through walls, slow down time, and perform special kills.
- One hit kill: Agent 47 will kill any enemy with one shot or melee attack.
- Perfect weapon: Agent 47 will have no recoil, spread, or sway when using his weapons.
- Max contract: Agent 47 will always get the maximum score and rating for each mission.
- Stupid AI: The enemies will not react to Agent 47's presence or actions.
- God AI: The enemies will have perfect aim and accuracy when shooting at Agent 47.
- AI detect: The enemies will always be aware of Agent 47's location and status.
- Infinite instinct: Agent 47 will always have full instinct meter, which allows him to see enemies through walls, slow down time, and perform special kills.

The trainer works with version 1.0.433.1 of the game or older versions[²]. It does not require any installation or registration. It is compatible with Windows XP, Vista, 7, 8, and 10[³]. It is safe to use and does not contain any viruses or malware[⁴]. However, it is advised to use the trainer at your own risk and discretion, as it may affect the game's balance and difficulty, and may cause some glitches or errors.
