### How to Fix Ijl15.dll Missing Error?

There are several possible solutions to fix ijl15.dll missing error in Crysis 2. You can try them one by one until you find the one that works for you.

1. **Download and install ijl15.dll manually.** You can download ijl15.dll from a reliable source like [DLL-files.com](http://DLL-files.com) [^1^]. Choose the version that matches your system architecture (32-bit or 64-bit) and download the zip file. Extract the ijl15.dll file and copy it to the program install directory of Crysis 2, usually located at C:\Program Files (x86)\Electronic Arts\Crytek\Crysis 2\Bin32\. Alternatively, you can copy the ijl15.dll file to the Windows system folder, usually

located at C:\Windows\System32\ for 32-bit systems and C:\Windows\SysWOW64\ for 64-bit systems.

2. **Reinstall Crysis 2 or the program that uses ijl15.dll.** Sometimes, reinstalling the program that requires ijl15.dll can fix the missing error by replacing the corrupted or missing file with a fresh copy. To reinstall Crysis 2, you need to uninstall it first from the Control Panel > Programs and Features. Then, insert the installation disc or run the setup file and follow the instructions to install it again.
3. **Run a virus/malware scan of your entire system.** It is possible that a virus or malware infection has damaged or deleted the ijl15.dll file. To check and remove any malicious threats from your computer, you need to run a full system scan with a reputable antivirus or anti-malware program. You can use Windows Defender, which is built-in in Windows 10, or any other third-party software like [Malwarebytes](#).
4. **Use System Restore to undo recent system changes.** If you suspect that the ijl15.dll error was caused by a change made to an important file or configuration, you can use System Restore to restore your system to a previous state when everything was working fine. To use System Restore, follow these steps:
  - Open the Start menu and type "create a restore point" in the search box. Click on the result that appears.
  - In the System Properties window, click on the System Restore button.
  - In the System Restore window, click on Next.
  - Select a restore point from the list that predates the ijl15.dll error and click on Next.
  - Confirm your choice and
