# Moorhuhn Kart Xxl: How to Download and Play the Classic Racing Game for Free

If you are a fan of arcade racing games, you might remember Moorhuhn Kart Xxl, a fun and addictive game that features the famous Moorhuhn chicken and his friends. The game was released in 2004 and became a hit among gamers who enjoyed its colorful graphics, humorous characters, and challenging tracks. But did you know that you can still download and play Moorhuhn Kart Xxl for free on your PC?

In this article, we will show you how to get Moorhuhn Kart Xxl free download full version and enjoy this classic racing game on your computer. You will need a Windows operating system and a compatible emulator to run the game. Follow these simple steps and get ready to race!

## Step 1: Download the Moorhuhn Kart Xxl Game File

The first thing you need to do is to download the Moorhuhn Kart Xxl game file from a reliable source. You can use this link to get the game file from Softonic, a trusted website that offers free software downloads. The file size is about 44 MB and it is safe and virus-free.

Click on the green "Download" button and wait for the file to be downloaded to your computer. You will get a ZIP file that contains the game executable and some other files. You will need to extract the ZIP file to access the game.

## Step 2: Download and Install an Emulator

Since Moorhuhn Kart Xxl is an old game that was designed for Windows XP, you will need an emulator to run it on your modern PC. An emulator is a software that mimics the behavior of another system, allowing you to play games or use applications that are not compatible with your current operating system.

One of the best emulators for playing old Windows games is DOSBox, a free and open-source program that emulates the DOS environment. You can download DOSBox from its official website here. The file size is about 1.5 MB and it is easy to install.

After downloading DOSBox, run the installer and follow the instructions on the screen. You can choose the default settings or customize them according to your preferences. Once DOSBox is installed, you can launch it from your desktop or start menu.

## Step 3: Run Moorhuhn Kart Xxl on DOSBox

Now that you have both the game file and the emulator, you are ready to play Moorhuhn Kart Xxl on your PC. To do so, you need to mount the game folder on DOSBox and execute the game executable. Here are the steps:

- Open DOSBox and type `mount c c:\moorhuhn` (assuming that you extracted the game file to `c:\moorhuhn`). This will mount the game folder as drive C on DOSBox.
- Type `c:` to switch to drive C.
- Type `dir` to see the contents of the folder. You should see a file named `MHKXXL.EXE`, which is the game executable.

- Type MHKXXL . EXE to run the game. You should see a splash screen with the Moorhuhn logo and some options.
- Select your language (English or German) and click on "Start Game". You can also adjust the sound and video settings if you want.
- Enjoy playing Moorhuhn Kart Xxl for free!

## Conclusion

Moorhuhn Kart Xxl is a classic racing game that you can still download and play for free on your PC. All you need is a Windows operating system, a compatible emulator like DOSBox, and the game file from a reliable source. Follow our guide above and have fun with this nostalgic game!
