Wild World Craft APK: A Guide for Animal Lovers

Do you love animals and nature? Do you want to experience the wild life as a wolf, fox, lynx, or other animal? Do you want to raise a family and explore a huge 3D world with your friends? If you answered yes to any of these questions, then you should try **Wild World Craft APK**, a new simulation game that lets you live as a wild animal in a realistic environment.

What is Wild World Craft APK?

A brief introduction to the game and its features

Wild World Craft APK is an Android game developed by Turbo Rocket Games, a studio that specializes in creating animal simulation games. The game was released in 2020 and has since gained over 50 million downloads on Google Play. The game is rated 4.4 out of 5 stars by more than 1 million users who have praised its graphics, gameplay, and variety.

The game allows you to choose from different animal breeds such as wolf, fox, lynx, bear, horse, and more. You can customize each family member by name, gender, fur color, eyes, body size, and more. You can also have up to six cubs per family and continue your legacy.

The game features a large 3D world that you can explore and travel to unique locations. You can experience different seasons such as summer, winter, spring, and fall. You can also battle dangerous enemies such as bears, wolves, eagles, snakes, and hunters. You can unlock fighting achievements after defeating specific enemies.

The game also supports multiplayer mode where you can play with friends online and form animal families together. You can cooperate with your friends to protect your cubs from enemies and hunt for food. You can also chat with other players and make new friends.

How to download and install the game on your Android device
