How to play Mr Bean Solitaire APK

Mr Bean Solitaire APK is based on the classic solitaire card game that you probably already know and love. However, it also has some unique features that make it more fun and challenging. Let's take a look at how to play this game.

The basic rules of solitaire

The basic rules of solitaire are simple. You have a deck of 52 cards that are shuffled and dealt into seven piles on the table. The first pile has one card face up, the second pile has two cards with one face up, the third pile has three cards with one face up, and so on until the seventh pile has seven cards with one face up. The remaining cards are placed face down in a stock pile.

The goal of the game is to move all the cards from the table piles and the stock pile to four foundation piles in ascending order from Ace to King. Each foundation pile must start with an Ace and end with a King of the same suit (spades, hearts, diamonds or clubs).

You can move cards from one pile to another by following these rules:

- You can only move one card at a time.
- You can only move a card that is face up.
- You can only move a card to another pile if it is one rank lower and of the opposite color than the top card of that pile. For example, you can move a black 6 to a red 7.
- You - You can move a card to a foundation pile if it is the next rank and the same suit as the top card of that pile. For example, you can move a spade 2 to a spade Ace.
- You can flip over the top card of a face down pile if there are no face up cards on that pile.
- You can draw one card at a time from the stock pile and place it face up on a waste pile. You can move the top card of the waste pile to another pile following the same rules as above.
- You can move an entire sequence of cards from one pile to another if they are in descending order and alternating colors. For example, you can move a red 9, black 8, red 7, black 6, and red 5 to another pile that has a black 10 as the top card.
- You can move any card to an empty pile.

These are the basic rules of solitaire that apply to most variations of the game. However, Mr Bean Solitaire APK has some special features that make it more interesting and challenging. Let's see what they are.

The special features of Mr Bean Solitaire APK

Mr Bean Solitaire APK is not just a regular solitaire game. It is also a fun adventure game that takes you on a road trip across the USA with Mr Bean. The tips and tricks for playing Mr Bean Solitaire APK

If you want to play Mr Bean Solitaire APK like a pro, you need to know some tips and tricks that can help you in the game. Here are some of them:

- Use the power-ups wisely. Power-ups are useful tools that can help you in difficult situations. However, they are not unlimited and they cost coins to use. Therefore, you should use them sparingly and only when you really need them.
- Try to clear the table piles first. The table piles are the main source of cards that you can move to the foundation piles. Therefore, you should try to clear them as soon as possible to free up space and increase your options.
- Don't be afraid to undo your moves. Sometimes, you might make a mistake or change your mind about a move. In that case, you can use the undo button to go back one step and try a different move. However, be careful not to undo too many times, as it will reduce your score.
- Watch out for Mr Bean's distractions. Mr Bean is a funny character who likes to make jokes and pranks. Sometimes, he might do something that will distract you from the game or even interfere with it. For example, he might hide some cards or swap them with other objects. You should be alert and watch out for his tricks.
