Benefits of Duplicate File Finder Pro

Duplicate File Finder Pro is not just a simple duplicate remover. It also provides you with many advanced features that make your duplicate cleanup process faster and easier. Here are some of the benefits of using Duplicate File Finder Pro:

- Find duplicate and similar photos in Photos Library. If you have a large collection of photos on your Mac, chances are you have some duplicates or similar images that look almost identical. Duplicate File Finder Pro can help you find and delete these photos, as well as find a series of similar photos that you can compare and keep the best ones.
- Find similar audio files. Duplicate File Finder Pro can also detect similar audio files, such as songs, podcasts, or audiobooks. You can preview and play these files and decide which ones to keep or remove.
- Remove duplicate folders. Sometimes you may have copies of entire folders that contain the same files. Duplicate File Finder Pro can help you find and delete these duplicate folders with one click.
- Remove duplicates in similar folders. Similar folders are folders that contain both duplicate and unique files. For example, you may have two folders with the same name but different content. Duplicate File Finder Pro can help you find these folders and remove only the duplicate files in them.
- Merge folders. If you have two or more folders with similar or different content, you can use Duplicate File Finder Pro to merge them into one folder. You can also choose to merge them into a new folder without affecting the original ones.
- Select duplicates in folder. This feature allows you to choose where to keep or remove duplicates. You can specify a priority folder where all duplicates will be kept, and select other folders where duplicates will be removed.
- Restore removed duplicates. If you accidentally delete some duplicates that you want to keep, you can use Duplicate File Finder Pro to restore them from the Trash. You can also undo the last removal action if you change your mind.
- Premium support. If you have any questions or issues with Duplicate File Finder Pro, you can contact the support team and get a quick response.

As you can see, Duplicate File Finder Pro is a powerful and versatile tool that can help you free up space and organize your files on your Mac. It is compatible with all Mac OS versions and supports any drive type. You can download it from the Mac App Store for \$34.99 or try it for free before buying.
