In this article, we will review the features, gameplay, graphics, and mod apk of this game, as well as its pros and cons. We will also answer some frequently asked questions about this game. So, without further ado, let's get started!

Features of PVP Shooting Battle Royale Online Offline

PVP Shooting Battle Royale Online Offline is a third-person action adventure game that offers four different game modes, each with its own objectives, challenges, and rewards. Here are the main features of each mode:

Offline Single Player mode

In this mode, you can enjoy 20+ action-packed missions with different objectives and challenges. You will have to fight against various enemies, such as terrorists, zombies, robots, and bosses, using your skills and weapons. You will also have to complete tasks, such as rescuing hostages, defusing bombs, and destroying enemy bases. This mode is perfect for practicing your shooting skills and having fun without an internet connection.

PVP Battle Royale mode

In this mode, you can compete with other players in a survival game of last man standing. You will be dropped into a large map with up to 100 players, and you will have to find weapons, ammo, and supplies to survive. You will also have to avoid the shrinking zone that forces players to move closer

to each other. The last player or team alive wins the match. This mode is ideal for testing your skills and strategies against real opponents.

Online Multiplayer mode

In this mode, you can team up with your friends or join random matches to fight against other teams. You can choose from different game modes, such as Team Deathmatch, Capture the Flag, and Free for All. You can also chat with your teammates and coordinate your tactics. This mode is great for socializing and having fun with other players.

Army War mode

In this mode, you can join the US army and complete various tasks in different locations around the world. You will have to fight against enemy soldiers, tanks, helicopters, and planes, using your weapons and vehicles. You will also have to follow the orders of your commander and complete the missions successfully. This mode is awesome for experiencing realistic and immersive warfare scenarios.

Many types of weapons

One of the best features of PVP Shooting Battle Royale Online Offline is that it offers many types of weapons that you can customize and upgrade to suit your play style. You can choose from different categories of weapons, such as pistols, shotguns, rifles, snipers, machine guns, rocket launchers, grenades, and more. You can also change the skins, scopes, silencers, magazines, and other attachments of your weapons. You can also unlock new weapons by completing missions or using the mod apk.

Gorgeous 3D graphics

Another amazing feature of PVP Shooting Battle Royale Online Offline is that it has gorgeous 3D graphics that make the game look realistic and immersive. The game has HD maps with different environments, such as cities, deserts, forests, islands, and more. The game also has high-quality sound effects that enhance the gameplay experience. The game runs smoothly on most devices and has low battery consumption.
