Brawl Stars APK 2018: How to Download and Play the Epic Mobile Shooter

If you are looking for a fast-paced, action-packed, and fun multiplayer game for your mobile device, you should check out Brawl Stars. Brawl Stars is a game developed by Supercell, the makers of Clash of Clans and Clash Royale. It was released globally in December 2018, but you can still download the Brawl Stars APK 2018 version and enjoy the game with some of its original features.

In this article, we will tell you everything you need to know about Brawl Stars APK 2018, including what it is, how to download it, what are its game modes and features, and some tips and tricks to help you become a better brawler. Let's get started!

What is Brawl Stars APK 2018?

Brawl Stars APK 2018 is the file format of the Brawl Stars game that was available for Android devices in 2018. APK stands for Android Package Kit, and it is the standard format for installing applications on Android devices.

Brawl Stars APK 2018 is different from the current version of the game in some ways. For example, it has fewer brawlers, skins, maps, events, and game modes than the latest version. It also has some features that were removed or changed in later updates, such as the old trophy road rewards, the ticket system, and the landscape mode.

However, Brawl Stars APK 2018 also has some advantages over the current version. For instance, it has less bugs and glitches, it runs smoother on older devices, and it has a nostalgic appeal for some players who prefer the original design of the game.

How to Download Brawl Stars APK 2018?

If you want to download Brawl Stars APK 2018 on your Android device, you will need to follow these steps:

1. Go to a trusted website that offers Brawl Stars APK 2018 downloads. Some examples are [\[APKPure\]](#)^(^1^), [\[APKMirror\]](#)^(^2^), and [\[Uptodown\]](#)^(^3^).
2. Find the Brawl Stars APK 2018 file that matches your device's specifications and download it to your device.

3. Before installing the file, make sure you have enabled the option to install apps from unknown sources in your device's settings.
4. Tap on the downloaded file and follow the instructions to install Brawl Stars APK 2018 on your device.
5. Launch the game and enjoy!

Note: Downloading Brawl Stars APK 2018 from third-party sources may pose some risks to your device's security and performance. We recommend that you only download from reputable websites and scan the file for viruses before installing it. We also advise that you backup your data before installing Brawl Stars APK 2018 in case something goes wrong.

What are the Game Modes and Features of Brawl Stars APK 2018?

Brawl Stars APK 2018 offers a variety of game modes and features for players to enjoy. Here are some of them:

Gem Grab

Gem Grab is a 3v3 game mode where teams compete to collect and hold 10 gems from the center of the map. The first team to do so for 15 seconds wins the match. However, if a player dies, they will drop all their gems on the ground for anyone to pick up.

Showdown

Showdown is a solo or duo game mode where players fight for survival in a shrinking arena. Players can collect power cubes from defeated enemies or boxes to increase their health and damage. The last player or team standing wins the match.

Bounty

Bounty is a 3v3 game mode where teams try to earn more stars than their opponents by eliminating them. Each player starts with two stars, and one more star is added for each kill they make. However, if a player dies, they will lose all their stars to their killer. The team with the

Heist

Heist is a 3v3 game mode where teams try to destroy the enemy's safe while protecting their own. The safe has a fixed amount of health and can be damaged by any attack. The team that destroys the enemy's safe first or has more health left on their safe when the time runs out wins the match.

Brawl Ball

Brawl Ball is a 3v3 game mode where teams try to score two goals by carrying a ball to the enemy's goal. Players can pass the ball to their teammates or kick it forward. However, if a player holding the ball is killed, they will drop the ball on the ground for anyone to pick up. The team that scores two goals first or has more goals when the time runs out wins the match.

Robo Rumble

Robo Rumble is a special event game mode where players team up with two other players to defend

a safe from waves of robots. The robots come in different types and have different abilities. The players can collect bolts from defeated robots to upgrade their turrets and increase their defense. The game ends when the safe is destroyed or when the players survive for 13 minutes and 14 seconds.

Boss Fight

Boss Fight is a special event game mode where players team up with two other players to fight against a giant robot boss. The boss has a lot of health and can use various attacks and abilities to damage the players. The players can collect power cubes from boxes to increase their health and damage. The game ends when the boss is defeated or when all the players are killed.

What are the Features of Brawl Stars APK 2018?

Brawl Stars APK 2018 also has some features that make the game more enjoyable and rewarding. Here are some of them:

Brawlers

Brawlers are the characters that you can play as in Brawl Stars. Each brawler has a unique appearance, personality, weapon, attack, super, and star power. You can unlock new brawlers by opening brawl boxes, which you can get by playing the game or spending gems. Brawl Stars APK 2018 has 22 brawlers available, while the current version has 49 brawlers.

Skins

Skins are cosmetic items that you can use to change the look of your brawlers. Some skins also have different effects and sounds. You can buy skins with gems or star points, which you can earn by ranking up your brawlers or playing in special events. Brawl Stars APK 2018 has fewer skins than the current version, but some of them are exclusive to that version.

Maps

Maps are the arenas where you play the game modes in Brawl Stars. Each map has a different layout, theme, and obstacles that affect the gameplay. You can choose from different maps for each game mode, and some maps are only available for certain events. Brawl Stars APK 2018 has fewer maps than the current version, but some of them are no longer available in later updates.

Events

Events are special occasions that offer different game modes, rewards, and challenges for players to enjoy. Some events are permanent, such as Gem Grab, Showdown, Bounty, Heist, and Brawl Ball. Some events are temporary, such as Robo Rumble, Boss Fight, Big Game, and Siege. Some events are seasonal, such as Lunar New Year, Brawl-o-ween, Brawlidays, and Summer of Monsters. Brawl Stars APK 2018 has fewer events than the current version, but some of them are unique to that version.

Tips and Tricks for Playing Brawl Stars APK 2018

If you want to improve your skills and have more fun playing Brawl Stars APK 2018, here are some tips and tricks that you can use:

- Learn the strengths and weaknesses of each brawler and choose the best one for each game mode and map.
- Practice your aim and timing with your attacks and supers, and avoid wasting them on unnecessary targets.
- Work with your teammates and communicate with them using the chat or the quick chat options.
- Use cover, bushes, walls, and other obstacles to hide from enemies and ambush them.
- Collect power cubes in Showdown to increase your health and damage, but don't get too greedy or reckless.
- Focus on collecting gems in Gem Grab and protecting your gem carrier, but don't be afraid to fight back if needed.
- Kill enemies in Bounty to earn stars, but don't Stars APK 2018 with other players who have the same version of the game.

Can I update Brawl Stars APK 2018 to the current version of the game?

Yes, you can update Brawl Stars APK 2018 to the current version of the game by downloading and installing the latest version from the Google Play Store or the official website of Supercell. However, you will lose some of the features and content that are exclusive to Brawl Stars APK 2018, such as the old trophy road rewards, the ticket system, and the landscape mode. You will also have to start from scratch with your progress and account, as Brawl Stars APK 2018 does not sync with the current version of the game.

Can I play Brawl Stars APK 2018 offline?

No, you cannot play Brawl Stars APK 2018 offline. Brawl Stars APK 2018 requires an internet connection to run and access its game modes and features. You will also need an internet connection to download and install Brawl Stars APK 2018 on your device.

Can I play Brawl Stars APK 2018 on iOS devices?

No, you cannot play Brawl Stars APK 2018 on iOS devices. Brawl Stars APK 2018 is only compatible with Android devices, and it cannot be installed or run on iOS devices. If you have an iOS device, you can only play the current version of Brawl Stars from the App Store.
