Chicken Gun 1.0.3 Download: A Fun and Crazy Shooter Game

If you are looking for a hilarious and action-packed shooter game, you might want to check out Chicken Gun. This game lets you play as an armed chicken that shoots and fights with other chickens in various modes and maps. You can also customize your chicken, weapon, beak, sneakers, and caps to make it look cool and unique. In this article, we will tell you more about what Chicken Gun is, what features it has, how to download it, and some tips and tricks for playing it.

What is Chicken Gun?

Chicken Gun is a free-to-play shooter game developed by ChaloApps, a studio that also created other popular games like Memes Wars, StrikeFortressBox, and StrikeBox: Sandbox&Shooter. Chicken Gun was released in 2020 and has since gained over 50 million downloads on Google Play Store and over 10 million downloads on App Store. It has also received positive reviews from players who praised its humor, graphics, gameplay, and multiplayer features.

Features of Chicken Gun

Chicken Gun is not your typical shooter game. It has many features that make it stand out from other games in the genre. Here are some of them:

- Customizable chickens and weapons

You can choose from different types of chickens, such as roosters, hens, chicks, ducks, turkeys, and more. You can also change their colors, hairstyles, hats, glasses, masks, and other accessories. You can also equip them with various weapons, such as shotguns, machine guns, pistols, assault rifles, carbines, snipers, rocket launchers, grenades, knives, and more. You can even throw explosive eggs at your enemies or use them as mines.

- Different game modes and maps

You can play Chicken Gun in two modes: team deathmatch or free-for-all. In team deathmatch, you join a team of five chickens and try to eliminate the other team as many times as possible within a time limit. In free-for-all, you are on your own and try to survive against all the other chickens in the map. You can also choose from different maps, such as farm, city, desert, forest, space station,

secret planet, and more.

- Explosive eggs and vehicles

As mentioned earlier, you can use eggs as weapons in Chicken Gun. You can throw them at your enemies or place them on the ground as traps. They will explode after a few seconds or when someone steps on them. You can also use vehicles in some maps, such as cars, trucks, tanks, helicopters, UFOs, and more. You can drive them around or shoot from them to cause more chaos.

- Online multiplayer and chat

Chicken Gun is an online multiplayer game that lets you play with or against other players from around the world. You can join a random match or create your own room with custom settings. You can also chat with other players using text or voice messages. You can make friends or enemies in Chicken Gun.

Tips and tricks for playing Chicken Gun

Chicken Gun is a fun and crazy shooter game, but it can also be challenging and competitive. Here are some tips and tricks that can help you improve your skills and enjoy the game more:

- Choose the right weapon for your playstyle

There are many weapons to choose from in Chicken Gun, each with its own advantages and

disadvantages. Some weapons are better for close-range combat, such as shotguns, pistols, and knives. Some weapons are better for long-range combat, such as snipers, rocket launchers, and grenades. Some weapons are better for medium-range combat, such as machine guns, assault rifles, and carbines. You should experiment with different weapons and find the one that suits your playstyle best.

- Use cover and movement to avoid enemy fire

Chicken Gun is a fast-paced game that requires quick reflexes and good aim. You should always be aware of your surroundings and use cover, such as walls, buildings, trees, barrels, crates, etc., to protect yourself from enemy fire. You should also move constantly and unpredictably to make yourself a harder target to hit. You can use sprinting, jumping, crouching, sliding, rolling, etc., to dodge bullets and surprise your enemies.

- Team up with your friends or make new ones

Chicken Gun is more fun when you play with your friends or make new ones in the game. You can join a team deathmatch mode and cooperate with your teammates to defeat the other team. You can also chat with them using text or voice messages and share strategies, jokes, compliments, etc. You can also create your own room with custom settings and invite your friends or other players to join it.

- Have fun and don't take it too seriously

Chicken Gun is a game that is meant to be fun and humorous. It does not have realistic graphics, physics, or logic. It does not have a serious story or theme. It does not have any rules or restrictions. It is a game where you can play as a chicken with a gun and shoot other chickens with guns in various modes and maps. You should not take it too seriously or get frustrated if you lose or die in the game. You should just have fun and enjoy the game for what it is.
